ABOUT US

Conceive, Create and Celebrate is the idea that forms the essence of Notional Systems. Because human mind is the most powerful organ that has ever existed. It has the power to see and foresee. And very few people have the ability to convert those thoughts into reality. Weaving a world of visual imagery forms the crux of Notional Systems.

NOTIONAL SYSTEMS IS A DIGITAL MEDIA COMMUNICATION COMPANY, providing one-stop, comprehensive digital media solutions for all business communication needs. We make the digital media work for your business. Whether you want to generate more sales, make a business-to-business presentation, train and motivate your employees, or build your brand through the online media, we will help you successfully address these challenging tasks.

Corporate Philanthropy

Notional Systems has lived upto its responsibilities. Towards the society. Towards the future of the country. Which is why, we have given birth to an NGO called 'Margam' that works for the education of underprivileged children.

The main focus of Margam lies over issues related to Underprivileged Child Education and running Socio-Cultural Upliftment Programs in socio-economically deprived areas of Kolkata. MARGAM was awarded "The Telegraph School Awards for Excellence", August 26, 2006. All donations given to MARGAM are up to 50% tax free under section 80G(5)(VI) of the Income Tax Act 1961.
